TECHNICAL DATA SHEET

Name: PPT 05 Series - WB PASTES
Code: PPT 05 Serie
Identification: PIGMENTED PASTES
Revision: Rev.2 - 11/2026

Features

Water-based colouring paste, usable in combination with water based converters, in order to obtain the desired colored lacquers, primers or patinas.
Available in various colour tones.

Technical Specifications

The technical specifications are supplied on request, according to colour.

Use

PPT 05 Series solvent-based pigmented pastes can be added to water-based converters according to the indications suggested by the technical data sheets of the converters used. Refer to the data sheets of the converters, for the preparation and final characteristics of mixed products.

Application methods

Dipping	☑	Spraying	☑	Roller	☑	Brush	☑
Cloth	☑	Spatula	☑	Flow-coating	☑		

Application

The pigmented pastes from the PPT 05 Series when mixed with the appropriate converter can be applied by airless spray, airmix or gravity cup.

Storage and packaging

Keep it tightly sealed in its original container in a cool environment (between 4°C and 40°C) that is not subject to abrupt temperature excursions.
Standard packaging size of 5 LT; for other requests a feasibility evaluation will be made.

Safety precautions

The product is intended for professional use only, refer to the Safety Data Sheet.

The data shown refer to laboratory tests; in practical applications they may vary significantly depending on the application conditions. The user must in any case verify the suitability of the product for the intended use and assumes all responsibility arising from its use.
